

Department of Materials Stores Catalogue

Last Updated: 14 October 2024

*"The shop seemed to be full of
all manner of curious things..."*

Chap. V "Alice Through the looking Glass"
Lewis Carroll

Stores Information and Procedures

The Stores shop here at the Department of Materials is for everyone's general convenience, stocking a broad range of general goods from stationery to lab ware. If you require things like pens, lab coats, sample boxes, tweezers, notebooks, cleaning materials and much more besides, the stores should be your first port of call. It's easy, convenient, and right on your doorstep.

If you would like to order items from the stores, simply look up what you need in the stores catalogue then fill in a Stores Requisition Form (Also available on the website). Once you've done that, sign it, print your name (legibly) and date the form at the bottom. Finally enter the cost code or project code the items are going to be charged to (This is very important as no order can be accepted without it). If you don't know your code, ask your tutor, supervisor or enquire with the departments finance team and also, to find out if you need your form authorised by them. (Please note we don't except cash payments.)

Next, pop down to the stores with your form, it is advisable, if you require a large amount of goods, to bring a bag or container with you to transport the items back to your office or lab. The stores technician will then pick your goods for you. Simple!

Stores Catalogue Contents

Please Note - Pictures are purely for illustrative purposes only, for technical information and specifications please refer to product text.

Health & Safety Supplies

Gloves, Hazardous Waste Bins, Eye Wear, Ear Defence, Lab Coats, Spill Kits etc.

Chemicals & Solvents

Ethanol, Acetone, Methanol, Silica Gel, etc.

Gas Cylinders

Helium CP Grade, Pureshield Argon, Oxygen, Compressed Air, Nitrogen (OFN) etc.

Electronic & Electrical Supplies

Batteries, Mains Cable, Plugs, etc.

Janitorial & Cleaning Supplies

Detergents, Cloths, Soap & Hand Care, Tissues, Paper Towels, etc.

Scientific & Laboratory Ware

Bottles, Tweezers, Lab Brushes, Test Tubes, Syringes, SEM Accessories, Beakers, Pipettes, Petri Dishes etc.

Metallographic Supplies

Lapping Film, Grinding Discs, Lubricants, Diamond Paste, Diamond Suspension, Polishing Pads etc.

Service Aids & Consumables

Lubricants, Cable Ties, Tapes, Adhesives, Tubing, Clamps, Air Dusters etc.

Office & IT Supplies

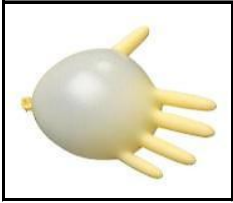

Pens, Notebooks, Staplers & Staples, Desk Accessories, Files, Pencils etc.

Stores Information and Procedures

Ordering Stock, Contact Details, Opening Hours, New Stock Suggestions etc.

Cotton Buds

Swabs manufactured from pharmaceutical grade bleached white cotton for extra softness and absorbency. 150mm white birch wood applicator for extra rigidity. Tip dimensions: 1.8 x 15.9mm

Part No.	Description	UoM	Price
P017-002ZZ-01	Cotton Buds - Pack of 100	Pack Each	£5.63

Cotton Buds

Hazardous Waste Labels

Pre-printed label for the labelling of waste chemical bottles and containers for disposal. Both self adhesive and wet resistant.

Dimensions: 105mm x 99mm

Hazardous Waste				
Chemical Name(s): (No abbreviations or Formulae)				
Hazard: (Delete Non-applicable)				
Flammable	Oxidising	Corrosive	Explosive	Harmful/ Irritant
Health Hazard	Toxic	Damaging to Environment	Compressed Gas	Non- Hazardous
Name:		Group:		
Contact No:		Date:		

Product Data

1. Complete the waste disposal form on the Department's web page ([Link below](#)) with all the revised relevant data (quantities, risk numbers etc) included.

[Waste Disposal Form](#)

2. Ensure the chemicals are in the most appropriate container, the containers are fully and correctly labelled, and clean and free of chemicals on the outside. Pre-printed chemical-resistant labels are available free of charge from Stores. Containers not correctly labelled will not be accepted for disposal by the Chemicals Technicians.

3. Send the completed waste forms to the Chemicals Technicians by e-mail (chemicals@materials.ox.ac.uk); they will contact you and arrange a date and time for you to bring the chemicals to the chemical waste building.

B049-004ZZ-01	TEM Grid Storage Box	Box Each	£19.47

Tweezers - Cylinder Stub Gripper

Gripper, Stainless Steel, For handling SEM cylindrical specimen stubs and other small items, 130mm Length

Part No.	Description	UoM	Price
L295-004ZZ-01	SEM Cylinder Stub Gripper Tweezers	Each	£25.67

Tweezers - Pin Stub Gripper

Dumoxel steel 1/2 Inch tweezers convenient for handling SEM 12.5mm Pin specimen stubs and other small items.

Part No.	Description	UoM	Price
L295-005ZZ-01	SEM Pin Stub Gripper Tweezers	Each	£43.99

Tweezers - Fine Tip

Stainless Steel, Fine straight point, Precision, Length 140mm, Anti-magnetic and anti-acid steel. Ideal for general purpose applications.

Part No.	Description	UoM	Price
L295-002ZZ-01	Tweezers - General Purpose, Fine Tip	Each	£3.10

Tweezers Fine Tip

Tweezers - Super Fine Tip

Dumont No. 5 Biology Tweezers, Super fine straight point, Tip 0.05 x 0.01mm, Length 110mm, Dumoxel Steel. These are the highest grade of tweezers available with the finest tips and optimum standard of finish.

Part No.	Description	UoM	Price
L295-003ZZ-01	Tweezers - No.5 Biology, Super Fine Tip	Each	£35.70

Tweezers Super Fine Tip

Tweezers - Plastic, Antistatic

For handling ESD sensitive devices.PPS/GF30 (polyphenylene sulphide reinforced with 30% w/w glass fibre), which is very hard and rigid, with high tensile and flexural strength and good chemical resistance. Not resistant to hydrochloric acid, but does resist temperatures up to 230°C. 115mm long tips, 0.6mm thick and 0.5mm wide. Very fine tip.

Part No.	Description	UoM	Price
L295-001ZZ-01	Tweezers, Plastic - Anti-Static, Very Fine Tip	Each	£6.78

Tweezers - Plastic, General Purpose

General purpose tweezers, with a straight point, blunt tips and wider gape for less sensitive work. Anti-static plastic, 115mm overall length.

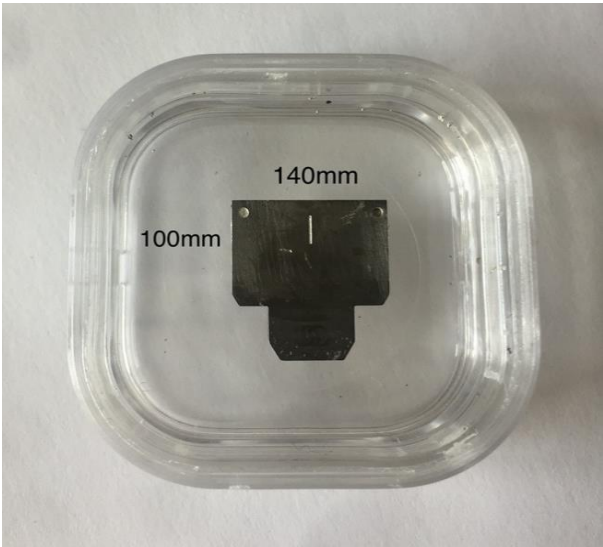

Part No.	Description	UoM	Price
L295-006ZZ-01	Tweezers, Plastic - General Purpose, Blunt Tip	Each	£4.01

Tweezers Plastic General Purpose

PECS Sample Blade, Cross Sectioning

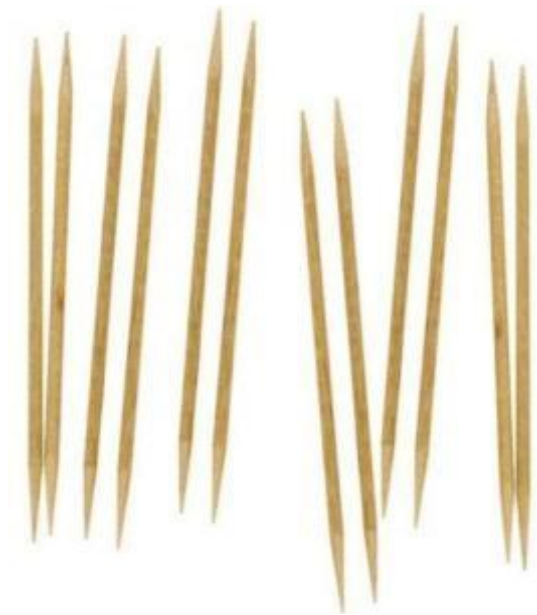

Gatan PECS blades: - Ti mounting blade for cross section preparation via Gatan PECS system. Nominal blade dimensions 140mm wide/100mm high/1mm thick.

Part No.	Description	UoM	Price
C122-001ZZ-00	Blade, PECS Sample; Metal; Cross Sectioning; Gatan	Each	£79.72

Cocktail Sticks

Wooden tooth picks with double ended points, 1mm x 8mm x 80mm, Pack of 100

Part No.	Description	UoM	Price
N073-001ZZ-01	Cocktail Sticks - Pack of 100	Pack Each	£1.40

Cocktail Sticks

Spatulas

Spatulas with Nuffield scoop spoon at one end and narrow bent blade at the other, stainless steel. Dimensions: 140mm x 10mm. Ideal for general purpose applications.

Part No.	Description	UoM	Price
C239-020ZZ-01	Spatula, Stainless Steel - Nuffield Scoop	Each	£0.82

Sample Box - SEM Pin Stubs

Storage boxes for a range of pin diameters, so stubs do not fall out during transit. Can accept fourteen 12.5mm diameter stubs (long or short), eight 25mm diameter stubs or four 32mm diameter stubs.

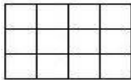

This product is for **pin** style stubs only. It cannot be used to store **cylinder** style stubs.

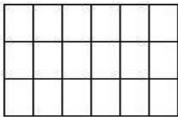

Part No.	Description	UoM	Price
B049-025HZ-01	Storage Box - SEM Pin Stubs	Box Each	£11.18

Service Case - Equal Size Compartments

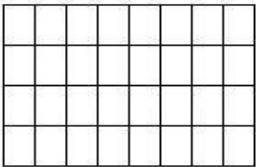

Polypropylene service case with fixed equal sized compartments, sliding locks and a translucent lid. Ideal for storing small items and samples.

12 Part - 32mm x 175mm x 143mm

A080-011HZ-01	Measuring Cylinder, Glass - 10ml	Each	£1.25
A080-014HZ-01	Measuring Cylinder, Glass - 50ml	Each	£4.08
A080-010HZ-01	Measuring Cylinder, Glass - 100ml	Each	£3.95
A080-013HZ-01	Measuring Cylinder, Glass - 500ml	Each	£8.16

Beakers - Glass

Borosilicate clear glass beakers. Low form with pouring spout and white graduations. Suitable for stirrer hotplates. ISO 3819 DIN 12331.

Part No.	Description	UoM	Price
A026-020HZ-02	Beaker, Glass - 50ml, 42mm(Dia.) x 60mm(H)	Each	£0.93
A025-002HZ-00	Beaker, Glass - 100ml, 50mm(Dia.) x 70mm(H)	Each	£0.84
A026-016HZ-02	Beaker, Glass - 250ml, 70mm(Dia.) x 95mm(H)	Each	£1.18
A026-022HZ-02	Beaker, Glass - 600ml, 90mm(Dia.) x 125mm(H)	Each	£1.48
A025-001HZ-01	Beaker, Glass - 1000ml, 105mm(Dia.) x 143mm(H)	Each	£2.09

Beakers - Plastic

Polypropylene beakers, translucent. Low form with large pouring spout and moulded graduations. Not suitable for stirrer hotplates. BS 5404.1, ISO 7056.

Part No.	Description	UoM	Price
B019-006HZ-01	Beaker, Plastic - 50ml, 42mm(Dia.) x 60mm(H)	Each	£0.84
B019-003HZ-01	Beaker, Plastic - 100ml, 50mm(Dia.) x 70mm(H)	Each	£0.60
B019-004HZ-01	Beaker, Plastic - 250ml, 70mm(Dia.) x 95mm(H)	Each	£0.87
B019-005HZ-01	Beaker, Plastic - 500ml, 85mm(Dia.) x 120mm(H)	Each	£2.16
B019-002HZ-01	Beaker, Plastic - 1000ml, 105mm(Dia.) x 143mm(H)	Each	£1.08

Media Bottles - Plastic, Wide Neck

Media/ Reagent wide neck bottle made from PPCO (Polypropylene co-polymer). Easy to fill with either dry materials or liquids and leak proof. Resistant to most acids, bases and alcohols. Withstands temperatures up to +121°C. Autoclavable with cap loosened off threads.

Part No.	Description	UoM	Price
B037-004HZ-01	Media Bottle, PP - 60ml, 38mm(Dia.)x86mm(H)	Bottle Each	£0.53
B037-005HZ-01	Media Bottle, PP - 125ml, 51mm(Dia.)x99mm(H)	Bottle Each	£0.84
B037-002HZ-01	Media Bottle, PP - 250ml, 61mm(Dia.)x130mm(H)	Bottle Each	£1.13
B037-003HZ-01	Media Bottle, PP - 500ml, 74mm(Dia.)x168mm(H)	Bottle Each	£1.84
B037-001HZ-01	Media Bottle, PP - 1000ml, 91mm(Dia.)x201mm(H)	Bottle Each	£2.12

Plastic Bottles Wide Mouth

Jerrican Bottles - Plastic

Translucent polyethylene Jerrican bottle with narrow neck, integrally moulded handle and tamper evident white plastic screw cap.

Plastic Bottles Jerry Cans

Part No.	Description	UoM	Price
B069-002HZ-01	Jerrican - 2.5 Litres, 205mm(H), 45mm(Dia) Neck	Bottle Each	£2.15
B069-003HZ-01	Jerrican - 5 Litres, 282mm(H), 38mm(Dia) Neck	Bottle Each	£2.73

Reagent Bottles - Glass, Screw Cap

Chemically resistant clear glass bottle, with graduations and blue polypropylene cap and pouring ring. ISO/GL 45 screw thread standard to all sizes. Conforms to ISO R1115 and DIN 168. Can be repeatedly sterilised to 140°C. Autoclavable with cap loosened off threads.

Filter Paper

Grade 1, Pore size 11µm, Qualitative, Circles, Medium retention, Medium/fast flow rate, Cellulose, General purpose for analytical techniques to determine and identify materials.

Part No.	Description	UoM	Price
C119-014BZ-01	Filter Paper, Grade 1 - 90mm, Box of 100	Box Each	£4.22
C119-004BZ-01	Filter Paper, Grade 1 - 110mm, Box of 100	Box Each	£5.63

Medical Wipe Tissues

Low Linting, White, 2-ply. Suitable for cleaning slides, lenses and other similar applications, 76 wipes per box, 110mm x 210mm, In dispenser box.

Part No.	Description	UoM	Price
P091-004ZZ-01	Medical Wipe Tissues	Box Each	£0.72

Lens Cleaner Tissues

Lint Free, 100mm x 150mm, White, Soft texture won't damage lenses or optical surfaces, Chemically pure tissue is free from silicones and other additives, High absorbency ensures the safe removal of surface moisture and grease.

Part No.	Description	UoM	Price
C171-002CZ-03	Lens Cleaner Tissue - 100x150mm	Pack Each	£2.78

Crucibles - Combustion Boats

Aluminium (alumina) oxide combustion boats of great hardness, strength and chemical resistance. Suitable for continuous use up to 1,700°C to 1,750°C. 80mm x 13mm x 9mm, with integrated handle.

Part No.	Description	UoM	Price
C204-001ZZ-01	Combustion Boat - 80mmx 13mmx 9mm	Each	£31.42

Crucibles - Cylindrical Form

Alumina ceramic cylindrical form crucibles, chemically resistant of a variety of acids and alkalis. Upper temperature limit for use 1,700°C to 1,750°C.

Metallographic Polishing Pad, NLH

Nap Type Cloths, For final polishing stages of preparation, Gentle polish, are ideal for softer specimens and components. Long, stiff fibre nap cloth. Commonly used with 6 micron Diamond compound or finer. Cream.

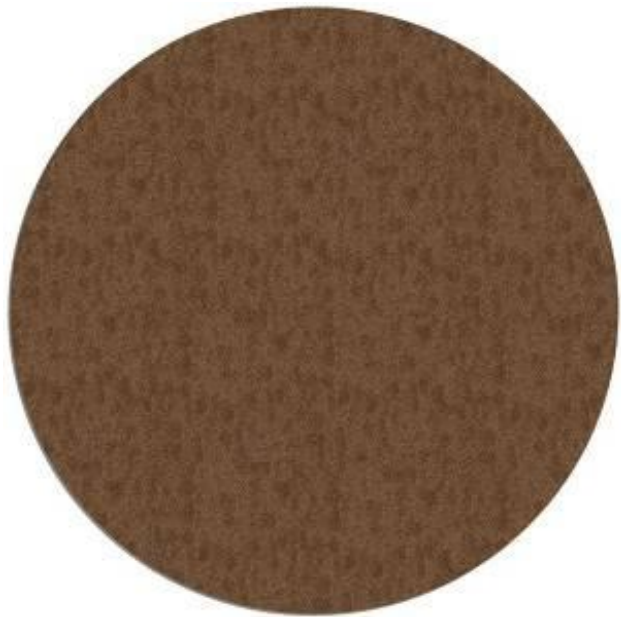

Part No.	Description	UoM	Price
H045-012BZ-01	Polishing Pad NLH - 200mm	Cloth Each	£3.95
H045-014ZZ-01	Polishing Pad NLH - 250mm	Cloth Each	£6.05
(Also available in packs of 10)			

Polishing Pad NLH

Metallographic Polishing Pad, NMH

Nap Type Cloths, For final polishing stages of preparation, Gentle polish, are ideal for softer specimens and components. A napped cloth with uni-directional fibres bonded to a cotton twill backing. Commonly used with 6 micron Diamond compound or finer.

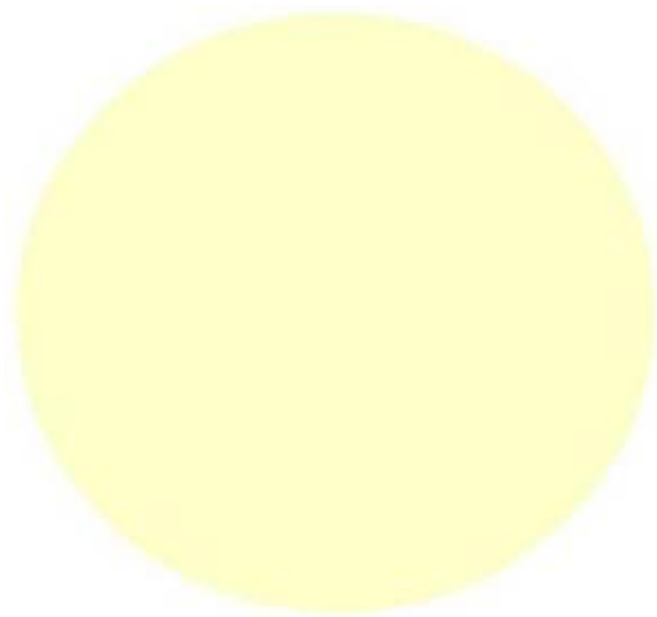

Part No.	Description	UoM	Price
H045-013BZ-01	Polishing Pad NMH - 200mm	Cloth Each (Also available in packs of 10)	£4.30

Polishing Pad NMH

Metallographic Polishing Pad, PSU-M

Accurately controlled uniform thickness. Self-adhesive, Medium (PSU-M) format. For smoothing and polishing operations.
Commonly used with Kemet Diamond Compound 14 micron and finer.

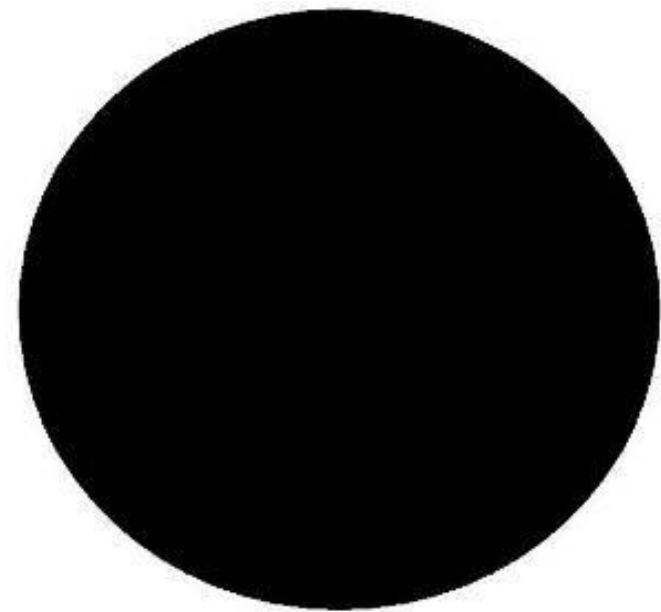

Part No.	Description	UoM	Price
H045-016ZZ-01	Polishing Pad PSU-M - 250mm	Cloth Each (Also available in packs of 10)	£8.55

Polishing Pad PSU-M

Metallographic Polishing Pad, CHEM-H

Nap Type Cloths, For final polishing stages of preparation, Gentle polish, are ideal for softer specimens and components. For use with a chemical mechanical polishing process with colloidal silica suspension, Black.

Part No.
H045-019ZZ-01

Diamond Lapping Film

Diamond lapping discs in a mixed pack of 5 grades (one each of 1, 3, 6, 9 & 15µm) 203mm. Lapping films offer an alternative to diamond impregnated cloths for uniform material removal and surface flatness. Ideal for use with microelectronic devices, ceramics and optical fibres.

Part No.	Description	UoM	Price
G235-027ZZ-01	Diamond Lapping Film Discs - 203mm Mixed Pack	Pack Each	£292.24

COL-K Suspension

Colloidal silica suspension is able to produce the ultimate in high quality mirror polishes on polishing machine. A part abrasive, part chemical polishing action makes colloidal silica well suited to polishing difficult materials such as Stellite and Cobalt Chrome. Non-Crystallising.

An Important Note on Pricing

The Department of Materials stores is entirely non profit making. The prices you see displayed are the prices the department paid for the goods, including VAT. Nothing else is added, so we only recoup what we spent.

The stores endeavours to source its stock items at the best possible price, for the best possible quality, with the broadest appeal and usage requirements, taking into consideration all group, departmental and student budgets.

All prices displayed are updated quarterly. However, any significant changes, either increases or decreases, are up-dated straight away. If you would like to confirm any prices please don't hesitate to get in touch with the stores technician. All contact details are at the back of this catalogue.

Can't find what your looking for?

If you have any ideas about items you think would be a worthwhile stock item, contact the stores technician and they will be happy to help. Obviously the stores can't stock individual items for one person, but if you buy in a regular supply of consumables that are used by many people within the department, it most probably would be sensible and more cost effective to keep them in stock.

"...but the oddest part of it all was, that whenever she looked hard at any shelf, to make out exactly what it had on it, that particular shelf was always quite empty."

Chap. V "Alice Through the looking Glass"
Lewis Carroll
