Before August 21st existing users must **change their MathWorks account** to their University
e-mail address, to keep access to our license.

Use the **Release** dropdown to **select the version of MATLAB you want to install**

1. Mac users, see next page before selecting a release.

2. When you run the installer, you will be asked to select an **Installation Method**.
   Select **Log in** with a MathWorks Account.

   Password that you used to create your account on the MathWorks web site.
